III. SECOND DAY

On 2nd day means 4th January 2022 the guest lecture is given by Mr. Aappasaheb Shelke (Ved Vidnyan sanshodhan Vibhag, Swami Samarth Gurukul, Trimbakeshwar) on Aadhyatm Vidnyan (Spirituality and Science).

In lecture they told us information of correlation between Spirituality and Science. They also told us that how the wrong building of house can bring difficult time to that family. They also told the science of palm lines. They also told us how to handle mental tension, memory, Domestic quarrels, etc.

- They covered the following points;
- Spirituality is an attitude that is positive and looking at the best in everyone and everything
- Spirituality is an inner journey to discover inner peace & is all about expanding our capability to live love and learn.
- Spirituality is the process of balance between Dharma & Karma.
- Spirituality is the “process of Self-Transformation from impure consciousness to pure consciousness to achieve inner peace, happiness & prosperity.
- Therefore, spirituality is pious, it provides stability to oneself, and keep us moving in positive direction, being our own teacher and guide in the process of life.

Spirituality is deeply scientific and so very scientific that it transcends science. Science without spirituality is not only incomplete but also vulnerable. Such science is more likely to be misused and exploited by vested interest. It works for only those who can pay for it.

IV. THIRD DAY

On 3rd day means on 5th January 2022 the guest lecture is arranged. The lecturer was Mr. R. G. Rasal (Vice-principal, Padmashri Vikhe Patil College of Arts, Commerce and Science, Pravaranagar) on topic Vyaktimahtwa Vikas (Personality development).

Personality development encompasses the dynamic construction and deconstruction of integrative characteristics that distinguish an individual in terms of interpersonal behavioral traits. Indeed, personality development is ever-changing and subject to contextual factors and life-altering experiences. Personality development is also dimensional in description and subjective in nature. That is, personality development can be seen as a continuum varying in degrees of intensity and change. It is subjective in nature because its conceptualization is rooted in social norms of expected behavior, self-expression, and personal growth.

Studies show that self-compassion brings positive traits like optimism, extroversion, wisdom, happiness, positivity and resilience. According to lecturer, self-compassion involves several steps:

- Give space to imperfection
- Think like a leader
- Be light in mind and heart
- Stay calm with the power of breath
- Remember you're a proton

V. FOURTH DAY

After lunch sharp at 2 PM the 'Amrutvani' session was held. For this session we were having Dr. Suhas Siddheshwar (Prof. at Pravara Rural College of Pharmacy, Loni) sir as speaker. We welcomed him by giving them bouquet. Then our group volunteer Mr. Phalke Vishal gave a brief introduction of Dr. Suhas Siddheshwar sir. Sir guided us on the topic 'Covid-19 Upay Yojana'. As we all know that Covid-19 pandemic is spreading day by day in our country and has become a part of our lives. However, the impact of pandemic and its consequences are felt differently depending on our status as individuals and as members of society. The economic and social disruption caused by the pandemic is devastating. The pandemic has been affecting the entire food system and has laid bare its fragility. Sir has covered various points which are very beneficial to the students. Points covered by sir are as follows,

- How to take care of our health in this pandemic situation. Wearing mask, social distancing, washing hands properly and regul, etc.
- To maintain our immunity by drinking warm water throughout the day, eating more immune-building food, by improving sleep and meditation and having positive attitude.
- To think positively. Positive thinking can help us in building positive energy in us. It reduces the stress by eliminating negative self-talk. Having nutritional diet in this pandemic situation. While no food or dietary supplements can prevent or cure Covid-19infection, healthy diets are important for supporting immune systems.
- Vegetarian diet is more beneficial than non-vegetarian diet. Vegetarian diets are associated with better cardiovascular health and are supports healthy blood pressure.

VI. FIFTH DAY

On 5th day means 7th January 2022 the guest lecture is given by Prof. Shivaji Anarthe (Padmashri Vikhe Patil College of Arts, Science & Commerce, Pravaranagar) on Urjaa Samasya Aani Upay (Energy problems and solutions).

They covered the various points, to how to solve energy crisis. They covered following points, Solutions, Contribute, Definition, Causes, Effects and Prevention.

The Solar Impulse Label is granted to innovative solutions to energy crisis that meet high standards of sustainability and profitability. Each solution goes through a strict assessment process performed by independent experts. Energy transition to renewable energy sources. Unlike fossil fuels, some energy sources are totally renewable, and do not emit greenhouse gases. These clean and sustainable alternative energy solutions include solar energy, hydropower, wind energy, geothermal energy and biomass energy.

The primary energy sources are identified and it seems unlikely that any will be added in the foreseeable future. From the dawn of humanity to the beginning of the Industrial Revolution in the early nineteenth century, the only available sources of primary energy were wood and other forms of natural biomass, beasts of burden, and wind for maritime or river traffic.

Free energy can be produced by;

- Rail
- Roof Top Solar PV
- Smart Grid

VIII. SEVENTH DAY

Human beings forgot that they were a part of nature and not nature itself. We ignored the signs of climate change, felled trees and killed animals indiscriminately, driving many to extinction. The coronavirus is one of the results of this attitude. Today, the entire world has been driven indoors and who can we blame but ourselves?

That day was the last day of our camp so the closing of the event was going to held, so we organized the street play on “COVID-19 Awareness” in front of *Durga Mata Mandir*”. In that street play all class was participated. The main purpose of the play was to aware the villagers regarding to pandemic of Covid-19 and their vaccination.

It aims at raising awareness among rural communities on the imperative of vaccination to ward off the COVID-19 threat and minimize the consequences of an anticipated third wave of the pandemic.

The storyline has been conceived in an FAQ format and addresses the common misgivings villagers had expressed during our tele-consultation sessions we conducted for the war room.

The play ends with all the artistes joining hands and pledge the all-important message of overcoming the pandemic through collective will.

“We hope the program will motivate rural communities to opt for the two-dose vaccination and aware about this covid-19 pandemic to protect themselves and society at large”

Conclusion Ceremony

The guest present at commemoration ceremony are Dr. Sanjay Bhawar (Principal of Pravara Rural College Of Pharmacy, Pravaranagar), Prof. Mayur Bhosale (NSS program officer), Prof. Someshwar Mankar (NSS co-ordinator), Mr. D. B. Kadam (Principal, Zilla Parishad School, Durgapur), Mr. Ashok Randhavane (Principal, Pravara Madhyamic Vidyalaya, Durgapur), Mr. Dilip Bhaskar Pulate (Police Patil, Durgapur), Mrs. Sunita B. Godge (Head of Grampanchayat, Durgapur), Mrs. Kasubai Gagre, Mr. Ravindra Gunjal, Mr. Babasaheb Pulate, Mr. Suryabhan Manakar and other villagers was present.
