## ACTIVITY REPORT

Name of the activity: World AIDS Day.

Date: 1/12/2017

AIDS awareness Rally was organized on the occasion of World AIDS day dated 1<sup>st</sup> December 2017 at Loni village where NSS volunteers participated in Programme. Teaching staff, Nonteaching staff and students of B.Pharm and D. Participated in this event. Students of both college prepared slogans to create awareness amongs society about HIV. Dr. S. A. Nirmal Principal of Pravara Rural College of Pharmacy told in his introductory speech Human immunodeficiency virus infection and acquired immune deficiency syndrome (HIV/AIDS) is a spectrum of conditions caused by infection with the human immunodeficiency virus (HIV). Following initial infection, a person may not notice any symptoms or may experience a brief period of influenza-like illness. Typically, this is followed by a prolonged period with no symptoms. As the infection progresses, it interferes more with the immune system, increasing the risk of developing common infections such as tuberculosis.

The session was fruitful and was attended by 15 staff and 70 students.

## ACTIVITY REPORT

**Name of the Activity: Swacchata Abhiyan.**

**Date: 1<sup>st</sup> October 2015**

On the occasion of Gandhi Jayanti NSS unit of our college conducted a campus cleaning programme on 1<sup>st</sup> October 2015. Students of B.Pharmacy and M.Pharmacy with teaching and Non teaching staff participated in cleaning of college campus, ground area, road and garden under the guidance of Dr. S.A. Nirmal. He told the importance of cleaning, Cleaning plays a vital role in our daily lives. Be it personal hygiene, such as washing our hands before we eat or covering our mouths when we cough, or setting a standard for environmental cleanliness, effective cleaning is our first line of defense against viruses and infectious diseases. While in healthcare environments the practical value of cleaning is widely accepted, in other fields such as education, property management, foodservice and hospitality, it is seen only as a necessary expense. Most building owners and facility managers view cleaning as a cost rather than an investment. As cleaning solution providers, we need to explain to executives, especially those "who hold the purse strings," that maintaining a clean environment can pay for itself many times over, and often in surprising ways.
