## WHAT IS CLINICAL DATA MANAGEMENT

The process of collecting and managing research data in accordance with regulatory standards to obtain quality information that is complete and error-free

It involves all the aspects of processing the clinical data, working with a range of computer applications, database systems to support collection, cleaning and management of subject data.

The field of clinical data management (CDM) has come about due to demands from both the pharmaceutical industry and the regulatory authorities

Online presentation on Interview technics and resume writing

# Resume vs. CV

Many people use resume and CV interchangeably — but they are not the same.

The CV presents a full history of your academic experience, in the length of the document it contains. In contrast, a resume presents a concise picture of your skills and qualifications for a specific position, in length never to be shorter and do not to 30 years of experience. Typically, 1-2 pages.

## Primary Objective of the Event:

1. Donating blood, not only saves multiple lives but also give an opportunity to add value to one's life. It helps in teaching students about humanity and also defines the spirit of our natural co-existence for others.
2. Blood cannot be produced artificially. Requirement of blood arises during medical emergencies, accidents and life threatening diseases. Teaching students about the importance of blood donation at an early stage will help in saving human lives and the sense of self gratification.
3. Fresh blood is produced in the body. After donating the blood new blood cells get stimulated and improve the blood circulation of the body. It ensures adequate supply of blood to the blood bank which can be used for the needy patients.
- 4.lood donation camps are organized with the purpose of supplying blood to the blood banks for the need of patients suffering from cancer, hemophilia, and thalassemia or accident victims.

## Details of the session:

The Pravara Rural College of Pharmacy, Loni celebrated "NATIONAL SERVICE SCHEME DAY 2022" on the date of 28/09/2022. On this occasion NSS Dept organized the BLOOD DONATION CAMP in college with the collaboration of Pravara Medical Trust Blood Bank. # Report ON

## “The celebration of NATIONAL GIRL Child DAY”

Topic: “A Guest Lecture”

Speaker: **Dr.Akshata Ganesh Shinde**  
(M.B.B.S. ,D.C.H., Consultant Pediatrician and Neonatologist)

Date: 24 January 2023.

Venue: Online (Zoom cloud meeting app)

Class: - B.Pharm & M.Pharm Students

Organized by:  
Pravara rural college of pharmacy, loni  
A/P:- Loni Bk, Tal: Rahata, Dist:- A.Nagar,413736

### Primary Objective of the Event:

- 1.To Provide support and opportunities to the girls of India.
2. To focus on the issue of Gender Inequality.

  
Principal

Pravara Rural College of Pharmacy  
Pravara Nagar, A.P. Loni, 413 736

3. To focus on several areas related to legal rights, education, Medical care, marriage etc.
4. To increase the consciousness of the people and offer new opportunities to the girl child in the society.
5. To ensure that the girl child should get all their human rights, respect and values in the country.

#### **Details of the session:**

The session started with introduction of Chief Guest Dr. Akshata Ganesh Shinde (M.B.B.S., D.C.H., Consultant Pediatrician and Neonatologist), by Prof. Dr. Sunayana Vikhe. All the teaching staff and students of Third & Final Year B.Pharm/M.Pharm were present for the same through Zoom meeting app.

#### **Details of the Event:**

1. The event was organized by the Women Development Cell of the College.
2. Dr. Akshata started with the greetings of the Day. She said that every child in the country may be a boy or a girl is important and are the future of the country. Girls should be treated equally and should get all the opportunities in our society for the welfare of the nation.
3. She focused on other issues like importance of education in the life of a girl. She said that the world needs a strong women, the women who can lift and build others, who will love and will be loved.
4. She explained the importance of Health and Nutrition for a women. All should have a proper diet which is rich in protein, calcium, vitamin D, iron, carbohydrates, dairy products, whole grains, fruits, vegetables. and to run behind dieting and weight losing.
5. She said that it is only a healthy women who can fulfill her multiple roles. Because a well nourished women are better able to provide themselves, their children and their families.
6. She also said that women are more likely to suffer from nutritional deficiencies than men for reasons like women reproductive biology, low social status, poverty and

lack of Education. Adolescent girls are particularly vulnerable to malnutrition because they are growing faster than at any time after their first year of life. They need proteins, iron and other micro nutrients to support the adolescent spurt growth and meet the body's increased demand for iron during menstruation.

7. She conducted an inspiring session on the nutrition and health of Girls
8. Prof.K.V.Dhamak proposed the vote of thanks.
